EXPERIENCE:

Strategic Ocean Solutions, LLC

August 2007 – present

Director, Ocean Law and Policy

Founding partner of marine conservation consulting firm. Supports efforts of government agencies, academic and non-profit organizations, the private sector and local communities to create and implement innovative ocean conservation strategies. Designs ocean law and policy strategies for organizations. Develops advocacy, scientific and technical materials and reports for the public and policy makers.

University of California, San Diego

November 2007 – present

Project Manager, Sustainability Solutions Institute

Responsible for day-to-day oversight of interdisciplinary research projects sponsored by the Sustainability Solutions Institute. Supports the faculty Director and Executive Director of SSI in developing interdisciplinary research efforts, coordinating and supporting over 100 faculty PIs and research teams both domestically and internationally. Provide oversight and coordination for research, programmatic, and some infrastructure activities, coordinate large proposal/program efforts, and facilitate integration of large complex, multi-unit and/or multi-institutional contracts and grants and research programs related to SSI and 15 collaborating industry partners, governmental and educational

institutions. Develop and implement communications, education and outreach plans for research projects. Develop and manage \$1.5 million budgets, coordinate proposal submissions, and provide post-award oversight of SSI contracts and grants. Oversee and manage events (workshops, meetings, colloquia, etc.) associated with SSI research initiatives, research and other projects.
